

## 2022 RON AMERSON SUPERVISOR SAFETY AWARD PROGRAM

The AGC Georgia and the AGC Georgia Shared Safety Interest Group (SSIG) would like to convey special recognition and a warm thanks to each of our frontline supervisors here at McLendon Enterprises, Inc. Their dedication in keeping safety at the forefront on their projects is acknowledged and greatly admired across the state of Georgia. From May 18, 2022, to May 18, 2023, our frontline supervisors conducted themselves as leaders in the McLendon Enterprises, Inc. Safety Program. Leading by example, they proved that they could produce a finished project while keeping the health and safety of their workforce at the forefront of each day.

This award is named in honor of Ron Amerson. Mr. Amerson was a proven and well-respected safety professional who worked with AGC Georgia members' field personnel for many years. After his untimely death in 2001, association leadership honored his legacy by naming our Supervisor Safety Award program after him. Ron was always welcome on jobsites and recognized for his expertise in loss control. Undoubtedly, his dedication to and passion for teaching best safety practices saved lives. He held the Certified Safety Manager designation and was a member of the American Society of Safety Engineers, the National Fire Protection Association and was a board member of Georgia's Northeast Region of the National Safety Council. He was a licensed Georgia State Paramedic and an instructor in Basic Emergency Medical Technique. Ron made a lasting impression on many professionals in the construction industry, and AGC Georgia is proud to recognize field supervisors in his honor.

McLendon Enterprises, Inc. wants to acknowledge these leaders with a Certificate of Commendation for Safety Excellence and thank them for their commitment to safety by presenting them with the Ron Amerson Supervisor Safety Award.

Leaders know that those who truly build on Permeating Trust, a Respectful Work Environment, and Demonstrating a Commitment to Safety result in a positive outcome. These frontline supervisors prove that to be true every day by providing and ensuring a safe working environment for themselves, their employees, and the public.

Thank you for what you all do to ensure our men and women at McLendon Enterprises, Inc. return home safely every day to their families.

A handwritten signature in black ink, appearing to read "Brent W. Holcombe". The signature is written over a horizontal line.

Timothy "Tim" Adams  
MEI Fleet & Maintenance Manager

We want to take this opportunity and honor the memory of Mr. Paul Jackson with this prestigious award. Mr. Paul Jackson was one of our front-line supervisors who is no longer with us in body, however, the memory of Mr. Paul Jackson will always remain in our hearts.

Paul was a grade crew foreman and a very excellent heavy equipment operator. He was responsible for day-to-day safety responsibilities and oversight for his team and the equipment they utilized. In 2022 he achieved the Ron Amerson Award for no loss time injuries on any of his jobsites. His leadership, skill, and friendship will be dearly missed.

**Paul Jackson**  
MEI Grade Crew Foreman  
2005-2023

*“I first met Paul and hired him to work with me in 2005. He worked with me for 7 or 8 years before having his own crew and being a foreman. He always did his job and never caused problems. He was always a good person and never talked about anyone. I enjoyed working with him all these years and I will surely miss him.”*

- **Dwayne Sharpe, MEI Site Superintendent**

*“Paul taught me a lot over the past 3 years I’ve been working with him. He would give you the shirt off his back. If I needed anything Paul would always help me out whether it be needing minutes on my phone or money for lunch, he always helped out. Paul was not a man of many words, but he loved his family including his work family. He was a brother to me, and he will be dearly missed. I love you Paul, fly high from your brother, Bath, as he called me.”*

- **Dustin Bath, MEI Heavy Equipment Operator**

Thank you Paul for your leadership, friendship, and loyal workmanship. We will do our best to inspire others with your story and example.

- **From Your MEI Family**
